50 CENTS PER MONTH

8 MILLION RUSSIANS UNDER ARMS

RUSSIANS RUSH ALLIES' LINE ONWARD TO BERLIN IS AGAIN BROKEN

Expect to Reach German Capital in Three Weeks—8 Million Russians Armed

FAN ARMIES TO FOLLOW IN EACH OTHER'S STEPS

Would Force Kaiser to Withdraw Troops From Battering of French Frontier

ST. PETERSBURG (via Rome), Aug. 27.—Within three weeks the Russians expect to attack Berlin, it was officially stated today.

It was also announced that mobilization of troops had been completed, with 8,000,000 Russians under arms. They are divided into four armies of two million each, to be placed in line, one after another, each succeeding army filling the gaps in the ranks of its predecessors.

Germans Retire in East Prussia

The Germans are still retiring to day before the Russians in East Prussia.

Eager to Strike Blow

LONDON, Aug. 27.—The Russians it was said today, are in haste to strike a blow against Berlin which will force the Kaiser to withdraw his troops from France, and were not stopping to reduce the Russian forts. They were isolating each fort, leaving besieging armies to prevent flanking attacks.

Kiao Chau Blockaded

SHANGHAI, Aug. 27.—Admiral Kato today formally notified the German commander of Kiao Chau that that settlement was blockaded. The American consul has decided to remain in Kiao Chau.

Second Squadron On Scene

TOKIO, Aug. 27.—It was officially announced today that a second Japanese squadron has joined the Kiao Chau blockade. No fighting is reported as having occurred.

Germans Stoical Over Casualties

COPENHAGEN, Aug. 27.—More lists of German casualties were published in Berlin today. The people are described as receiving stoically the news of the killing or wounding of their relatives at the front. The Tageblatt, a Berlin newspaper, described the reduction of the Namur forts.

WAR BRIEFS

Canada's War Gift to England

TORONTO, Ont., Aug. 27.—Premier Whitney announced last night that the province of Ontario had decided to supplement Canada's war gift to Britain by a quarter million bags of flour for purchase of which an appropriation of \$700,000 is made.

Austrian Ships Land Arms

PARIS, Aug. 27.—An official dispatch from Athens says that Austrian warships have landed arms and ammunition at San Giovanni in Medias, with a view to preparing an Albanian attack on the Servians and Montenegrins.

Japan Not to Aid England

WASHINGTON, Aug. 27.—Ambassador Chinda today announced that Japan has no intention of sending her army and navy to Europe to help England. He also denied that the Japanese will attack Austrian ports.

German Cruiser Blown Up

WASHINGTON, Aug. 27.—The German Embassy today received a wireless message announcing that the German cruiser Mogdeberg has been blown up off Finland. "It simply encountered a superior force," was the explanation.

Naval Battle Off Oregon?

MARSHFIELD, Ore., Aug. 27.—Although there is nothing indicating that a naval battle has been fought, a confirmation of the firing heard last night is coming from all along the Oregon coast. No wreckage has been washed ashore and it is impossible to ascertain if a naval battle really has taken place. Hundreds of citizens who heard the firing were positive it was that of cannon. No war vessels were sighted today. A heavy fog prevailed.

MISSOURIAN HAILED FIRST SHIP REACHING COAST VIA BIG CANAL

SAN PEDRO, Aug. 27.—San Pedro is celebrating the arrival of the Missourian, the first boat to reach California after passing through the Panama Canal. The whistles of every steamer in the harbor were blown and a throng of wildly enthusiastic people cheered the vessel.

Reversed at Montmedy and Longwy—Bases Abandoned by French Forces

BRITISH WOUNDED AND DEAD REACH 70,000

German Losses Three Times That Number—Asquith Voices Optimism

LONDON, Aug. 27.—The usual official statement of war developments was significantly withheld today. Unofficially it was reported that the Germans had penetrated the Franco-British line between Montmedy and Longwy, France. The official admission was made that German pressure upon the allies in front of these two places was such that both eventually will have to be abandoned. The government did not deny that the German forces, consisting of two army corps, have been attempting to force a withdrawal of troops on the allies' extreme left, thus weakening the center. It is believed, however, that the allies had sufficient reserves to prevent this. The French artillery had to repulse a cavalry raid against the left wing.

The war office stated today that German losses thus far were three times those of the allies, though the latter were "staggering." Unofficially it was stated that the allies have lost 70,000 in killed, wounded and missing. An Ostend dispatch to the Express said that Lille, France, had surrendered. The Germans, the mayor having disarmed the police and warned the people against resistance for fear of reprisals.

The British government today termed Germany's official wireless statements as "mendacious and utterly at variance with the facts."

An Exchange Telegraph dispatch said a Danish trawler had been sunk by a mine in the North Sea, but this report was unconfirmed.

Asquith is Optimistic

Reports that the Germans have occupied Lille, Vincennes and Robaix in Northern France, were received with a sigh of relief. England, alarmed by the danger of an aerial raid should the Germans take the Belgian port of Ostend, has rushed marines to the aid of the Belgians there. Lord Churchill, in making the announcement, said the force was a large one but would give no definite figures. It is known that the reserve ships of the North Sea fleet have been stripped of their marines.

Addressing the House of Commons, Premier Asquith reported the following: "The government is desirous of giving the country all the information consistent with public interest, but it has been necessary to withhold many facts. It will be possible soon to lift the veil of secrecy. British troops are upholding the best traditions of the service. The prospects for a satisfactory outcome of the conflict are excellent." The House applauded the premier's statement vociferously.

Rumor of Reverses

Serious Franco-British reverses were circumstantially rumored today. Some reports said the allies had been entirely driven from Southern Belgium.

SHELTON WASH. IS VISITED BY FIRE

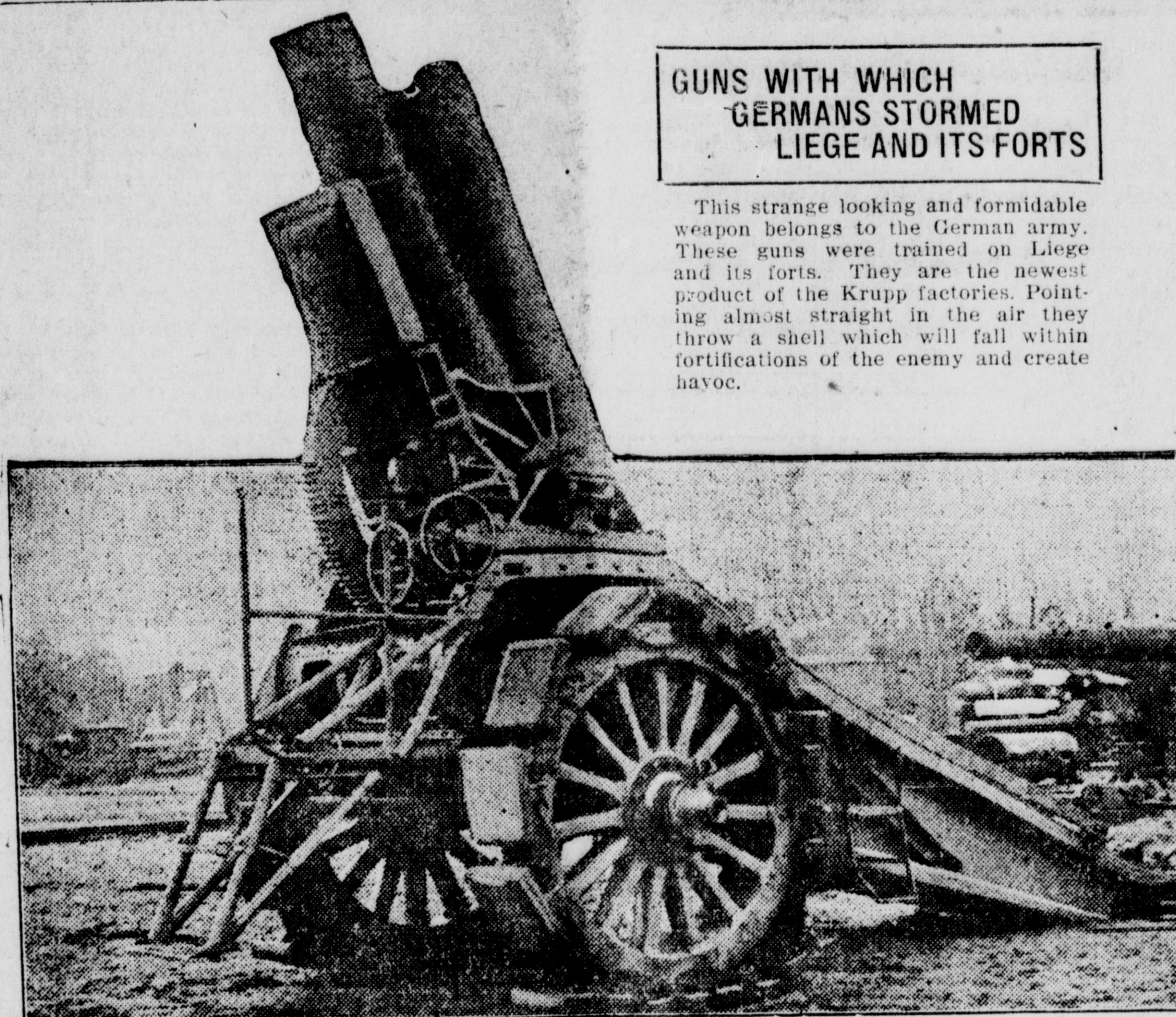

\$150,000 Loss in Business

Part of City—Heroic Efforts Saved Residences

SHELTON, Aug. 27.—Practically the entire business section here was destroyed by fire today, with a loss of \$150,000. Starting in Pauley's restaurant the flames rapidly spread, and only heroic efforts on the part of the entire populace saved the residence section. Four business blocks were entirely wiped out. Several men and two women were overcome by the heat and smoke.

NICARAGUAN TREATY IS FAVORED BY COMMITTEE

WASHINGTON, Aug. 27.—The proposed treaty between the United States and Nicaragua will be reported favorably to the foreign relations committee by the sub-committee to which it was referred, according to Senator Shively of Indiana.

GUNS WITH WHICH GERMANS STORMED LIEGE AND ITS FORTS

This strange looking and formidable weapon belongs to the German army. These guns were trained on Liege and its forts. They are the newest product of the Krupp factories. Pointing almost straight in the air they throw a shell which will fall within fortifications of the enemy and create havoc.

WILHELM DER GROSSE IS SUNK

Magnificent Liner, Used as German Cruiser, Victim of British Guns

LONDON, Aug. 27.—That the British cruiser Hightler has sunk the German steamer Kaiser Wilhelm der Grosse off the African coast, was officially announced by Lord of the Admiralty Winston Churchill today.

The lost vessel is the well-known transatlantic liner, but it had been pressed into naval service as a cruiser at the outbreak of the war. Before it was sunk, Lord Churchill said, its guns killed one of the Hightler's crew and wounded five. The British cruiser rescued those of the Wilhelm's crew who were not killed in the action.

Four Austrian cruisers and torpedo boats today began the bombardment of Budua, an Austrian Adriatic port recently captured by the Montenegrins. They fled at the approach of the Anglo-French squadron.

TO SUBDUCE ENGLAND IS GERMAN PROJECT

So Says Writer—War Governor for Belgium—\$90,000,000 War Levy for Brabant

LONDON, Aug. 27.—A dispatch to the Reuter Telegram Company from Berlin via Amsterdam, says Field Marshal Baron Koltmar von der Goltz has been appointed military governor of the occupied part of Belgium, and has proceeded to his post. The governor of the district of Aix la Chapelle has been appointed civil administrator of the same region.

The military correspondent of the Times yesterday, said: "We and the Dutch need have no doubt that the annexation of all the North Sea ports from the Straits of Dover to Emden will follow a German success in the war—a success which would only be preliminary to the concentration of all German effort on the subjugation of England."

A dispatch to the Morning Post from Antwerp, says:

"In addition to the German war levy of \$40,000,000 on Brussels, the province of Brabant has been levied on for \$90,000,000 to be paid by September 1. "The German officers at Brussels are living riotously. The city's supply of champagne is becoming exhausted. The royal palaces have been invaded by German officers."

1000 ACRES IN TAHOE FOREST FIRE RAVAGED

GRASS VALLEY, Aug. 27.—Two hundred men are fighting fire in the Tahoe National Forest, near the Nevada state line, and a call has been sent out to all neighboring forest preserves for help. More than 1000 acres of timber are reported to have been ravaged.

GENS. VILLA AND OBREGON GIVEN U.S. MILITARY HONORS

EL PASO, Aug. 27.—For the first time since the beginning of the constitutional revolution, Alvaro Obregon and Francisco Villa, rebel generals, crossed the international line here late yesterday and were received with military honors by General J. J. Pershing, commander of the American troops.

A troop of cavalry with drawn swords formed a guard of honor for the two constitutionalist commanders as they were driven from the international bridge at quick speed to Ft. Bliss, where General Pershing and his staff had prepared a reception for them. A dozen staff officers accompanied the generals.

Obregon and Villa left early this morning for Nogales, Sonora, to settle internal disputes in that state. They journeyed through American territory.

AUTO IS STRUCK BY FREIGHT TRAIN DAMAGE IS SLIGHT

Fred Gerkin of Santa Ana had a narrow escape this morning on the Chapman street crossing of the Santa Fe railway at Orange when he put on the brakes of his automobile just in time to prevent the machine's being hit squarely amidships by a freight locomotive.

Gerkin was driving east on Chapman street. He saw the freight approaching from the north but supposed he had plenty of time to dash across the tracks. The front end of his automobile was just on the tracks when Gerkin saw that he would not have time to get across. Gerkin slammed on his brakes but not in time to prevent the front axle and wheels of his automobile from being considerably damaged. Gerkin was not thrown from the machine and was not injured.

WEATHER FORECAST

Fair tonight and Friday, except cloudy along the coast to night; light west winds.

PRESIDENT WISON OFF TO CORNISH FOR REST

WASHINGTON, Aug. 27.—President Wilson left this afternoon for Cornish, N. H., where he will remain until Tuesday or Wednesday of next week. Margaret Wilson and Mrs. Frances Sayre, the president's daughters, are summing there.

WAR PRICES CAUSE STARVATION ON NEW YORK EAST SIDE

NEW YORK, Aug. 27.—Five cases of starvation on the East Side were reported today. War prices on food were said to be responsible. Bread lines are forming. Many grocers have been forced to suspend because their patrons refused to pay the high prices asked.

ANACONDA MINE SCENE OF VIOLENCE

Insurgents Seize Federation Miners Who Refuse to Join Them—Mine Closed

BUTTE, Mont., Aug. 17.—One thousand miners insubordinating against the Western Federation of Miners today marched to the Anaconda Copper Company's mine and seized between thirty and forty members of the federation who had refused to join the Butte Mine-Workers' Union, following an ultimatum issued yesterday by the insurgents. The insurgents marched them to headquarters and compelled them to join the union.

Seven of the men who proved obdurate were tied together with ropes around their necks to frighten them into submission.

The mine was closed after the raid as the company proposes to remain neutral.

Mysterious Killing

A mysterious killing occurred late yesterday afternoon in the headquarters of the insurgent miners. Serious trouble is feared.

The miners marched through the streets of the city four abreast yesterday, gathering recruits as they advanced on the mines. Following their ultimatum to the members of the Western Federation of Miners, the insurgents again paraded the streets, winding up at the auditorium, where a meeting was held, no one being admitted except those wearing the buttons of the new union.

ZEPELIN ATTACK MADE ON ANTWERP BEING PROTESTED

WASHINGTON, Aug. 27.—E. E. Havenith, the Belgian minister, presented a protest at the State Department yesterday against what he termed a "war against women and children"—the Zeppelin airship attack on Antwerp. Ten persons were killed, the minister stated, four of them women. Eight persons were injured. Secretary Bryan intimated that the State Department could take no action.

Reported activity of Brand Whitlock, the American minister, in officially protesting to Germany, was denied by Secretary Bryan.

It is understood here that the German military leaders in the battles before Liege and other Belgian cities gave notice of their intention to use airships, as is required by the fourth Hague convention.

MEMBERSHIP COST IN BANK SYSTEM IS LESS

WASHINGTON, Aug. 27.—As a result of a conference between members of the Federal Reserve Board and Senators Hoke Smith, Owen and Vardaman, a bill will be introduced in Congress to reduce the amount necessary to qualify a state bank for membership in the Federal Reserve system from \$25,000 to \$15,000, with a proviso that the capital stock must be increased to \$25,000 within nine months.

Senator Overman has introduced a bill to reduce the tax on emergency currency during the first three months outstanding from 3 to 1 per cent.

WIDE--SPREAD IS CURTIN SEEMS ALARM FELT IN PARIS DEMOCRATIC CHOICE

Defense Preparations Induced Fear Germans Have Turned Flanks of Allies

BELIEVED ENEMY HAS GONE FAR INTO FRANCE

Surgeons and Supplies Rushed to Front—Provisions by Trainloads for Paris

PARIS, Aug. 27.—War Minister Millerand's assurance that preparations now going on for the defense of Paris are only "precautionary" failed to prevent the widespread alarm felt to night. Many feared that the Germans have already turned the flanks of the allies, and were driving them into Paris. It is reported that trains loaded with enormous quantities of provisions are already en route to Paris.

Crossing the northern frontier, the Germans are believed today to have penetrated far into French territory. A dispatch from the front urgently called for more surgeons and hospital supplies.

Sanjak Evacuated

The Austrian evacuation of Sanjak of Novibazar, between Serbia, Montenegro and Austria, was announced at the Serbian legation here today.

Belgium Armies Busy

ANTWERP, Aug. 27.—Most of the Northern Belgian armies are operating between Malines and Brussels today, destroying railroads and lines of communication.

Would Pull Spain Into War

MADRID, Aug. 27.—Certain politicians in the Spanish court are trying to involve Spain in the European war on the side of the allies today, but King Alfonso is said to be insisting on the strictest neutrality. Many believe that he will be over-ruled by the men who, believing there will be immense spoils of war, wanted Spain to have a share.

BURGLAR ATTEMPTS TO ROB STOREROOM

Burglars attempted to enter a storeroom over F. M. Young's cafeteria, 413 North Main street, last night. This morning when Mrs. Young, wife of the owner of the restaurant, went upstairs to visit the storeroom she found a large iron bar lying on one of the windowsills. Her suspicions becoming aroused, she examined all the doors upstairs and found that the door of a storeroom, which contains a large supply of sugar, flour and other supplies, had been forced open. Young has not yet missed anything from his stock. It is supposed that the burglar became frightened before he finished his operations. The police have been notified of the attempted burglary and are working on the case.

FIRST SHIP TO PLY CANAL FROM FRISCO TO NEW YORK, WELCOMED

Thousands of Whistles Shrieked Greeting That Signalized New Era in World's Water Transportation

NEW YORK, Aug. 27.—To the welcome of thousands of whistles blown by all the ships in the harbor, the trim little American freighter Pleiades came into port yesterday, her signal flags announcing that she had the proud distinction of being the first steamer to carry a cargo from San Francisco to New York by way of the Panama Canal.

Further, the Pleiades was the first steamer to carry cargo from the Pacific to the Atlantic through the canal. She had 5000 tons—lumber and general merchandise—in all, and the voyage was the most profitable she ever has made since she was launched at Sparrow's Point, Md., fourteen years ago.

Vast Saving

The opening of the canal to commerce means that the earning capacity of the Pleiades and vessels of her kind has been doubled. The length of the voyage has been halved, operating expenses have been cut down 50 per cent and she can make two trips where formerly she made one.

The tolls exacted by the government for the job of lifting and lowering the steamer and her burden through the locks on the Isthmus have not yet been decided, but whatever they are the Pleiades' owners are satisfied that there will be plenty of profit left.

Captain N. W. Liberth declared that the passage through the canal was easier than getting his ship in drydock and that the Pleiades went through from Balboa to Colon in eight hours.

"In the old days a freighter would take from sixty-five to seventy days steaming from San Francisco to New York by way of Cape Horn," he said, "and on such a long voyage a lot of time would be wasted in coaling."

Thirty-Day Trip

"This trip took thirty days and as we burn oil we had sufficient for the whole trip. We shall now be able to get back to San Francisco again by the time that we would have been arriving at New York on the trip around the Horn."

"This means that the ship can earn twice as much and that instead of building new vessels shipowners will be able to increase their services with their present tonnage. It will be easier to get crews, too, for the shorter runs."

He Will Fight Johnson and Fredericks for State's Governorship

KNOWLAND LEADING IN RACE WITH SHC TRIDGE

Heney Wins Over Rowell 2 to 1; Conley and Angelotti to Oppose Each Other

LOS ANGELES, Aug. 27.—Governor Hiram Johnson, John D. Fredericks, and John B. Curtin of Sonora, will fight it out at the general election for the governorship of California. Though returns are coming in slowly today it seemed certain that Curtin has defeated Hall and White for the Democratic nomination.

1735 precincts out of 4463 precincts in the state give Curtin 3000 majority over Hall, his nearest competitor. Knowland is leading Shortridge for the Republican senatorial nomination by over 4000. Heney won the Progressive nomination two to one.

Walter Bordwell of Los Angeles is showing strength in the late count but it is practically assured that Judges Conley and Angelotti will oppose each other for chief justice of the state supreme court.

Thomas Woolwine has taken a lead over Ford for the Los Angeles district attorneyship.

TWO CARDINALS IN LEAD FOR PAPACY

Ferrata and Gasparri Rivals for Succession—St. Peter's Ends Honors to Pope

ROME, Aug. 27.—Cardinals Gasparri and Ferrata are rapidly becoming the most likely candidates to succeed the late Pope Pius today. The majority of the members of the Sacred College are in Rome for the coming conclave.

A solemn high mass today for the repose of the soul of Pope Pius concluded the nine days' funeral ceremonies so far as St. Peter's is concerned. Three masses will be celebrated in the Sistine Chapel Friday.

BUYING STRIPS OF LAND AT ANAHEIM

Gazette Believes Salt Lake is Active in Getting Right-of-Way

Anaheim Gazette: In addition to purchasing a strip of land through Jake Vether's place south of town for a right of way the Salt Lake railroad, it is reported, purchased a tract on Broadway, west of the Santa Fe of C. F. Grim, paying therefor \$13,000. That this road contemplates building through Orange county to San Diego there can be little doubt, and that it will begin as soon as a right of way is secured is equally certain. Property in Fullerton and Santa Ana has also been purchased, and the scouts who are blazing the trail are moving swiftly, \$20,000 being paid for a piece of land in Fullerton, it is stated. The Broadway tract was purchased for a depot site. It is no doubt the purpose of the road to parallel the Santa Fe through this immediate section. Agents of the road say that no unnecessary delay will occur in beginning work and rushing it to completion.

J. J. Tavis of Santa Ana, passenger and freight agent of the Salt Lake, was in Anaheim Monday and made the statement that the company had secured a right of way through this city as well as other sections of the county, and that work would be rushed to its completion. The depot in Anaheim would be west of the Santa Fe station, but not far from it. The road will positively be completed and open for traffic from Los Angeles to Santa Ana within a year, he said.

CHICHESTER'S PILLS THE DIAMOND BRAND. Ladies! Get your Druggists for Chichester's Diamond Brand Pills in Red and Gold Metal Cases, sealed with Blue Ribbon. Take no other. Buy of your Druggist. For the Diamond Brand Pills, for 25 years known and sold. Always Reliable. SOLD BY DRUGGISTS EVERYWHERE.

Sound Ring FLOUR The old reliable brand that never disappoints. Per Sack \$1.50 We have the exclusive sale of this flour in Santa Ana. We call at your home for your order and deliver to all parts of the city.

Union Grocery A. C. Newell. Arch Burkett. Fourth and Spurgeon Sts. Both Phones.

Templeton! Paso Robles! Paso Robles! Templeton! The location with more scenic beauty and natural advantages than is possessed by any other locality between Los Angeles and San Francisco. The wide range of products grown there is bound to make it a wonderfully rich community.

Immense development work now being done is attracting home seekers from all parts of the country. Next week I will tell you some of the many advantages and why this locality is a particularly good place for a rancher or fruit grower to locate.

J. A. Timmons 2220 North Main.

GARBAGE MAN IS PROPOSED

Orange City Trustees Consider Solution of Problem

Orange News: A plan for the disposal of the garbage of the city was adopted by the City Council last evening on recommendation of the street superintendent and city attorney, who had been appointed to devise it. An ordinance through which the plan is to be put in effect was introduced and passed to second reading.

The plan contemplates an official garbage collector, whose duty it shall be to collect twice weekly the garbage from those householders who desire to dispose of it in such a manner. It is provided that he must handle the garbage in a sanitary manner, taking it up from closed cans, to be provided by the householders. For gathering garbage twice each week the collector is permitted to collect a fee of 25 cents per month.

The collector may make such disposal of the garbage outside of the city as he sees fit. It is expected that the position will be sought by someone owning a horse, to which the garbage collected may be profitably fed.

There is a schedule of charges for collection from hotels and apartment houses in excess of that charged the ordinary resident; and there is further provision for carrying away rubbish and waste matter other than the garbage.

It is intended to put the plan in effect here as soon as arrangements can be made for carrying out the provisions of the ordinance. Complaint was made by Mrs. E. M. Martin that an alley back of her lot on Palm avenue between Cleveland and Harwood streets had been closed. The street superintendent was instructed to investigate, and, if he finds that a public alley has been closed, to open it and see that it is kept open.

C. W. Hollister presented a proposition for advertising the city on a sign board to be located at Main and Chapman avenue, directing state highway traffic through Orange. The board endorsed the proposition with the understanding that a \$30 appropriation is to be made when the city's advertising times are available.

The contract for city printing was awarded to the Orange Post, with reservation on certain publications which are required to be published in a daily newspaper.

A letter from Mason & Locke, San Francisco attorneys, stated that the preliminary proceedings on the Chapman street bridge bond election appeared to be regular, and that, on receipt of an abstract of proceedings, the firm will render an opinion on the validity of the bonds for \$50.

The street committee was instructed to purchase a street planer of the type now in use in the county.

The subject of trash fires in the afternoon was discussed. It developed that the ordinance permits the fire and water committee to issue special permits for fires in the afternoon.

The subject of parking automobiles by heading in or backing up to the curb in the vicinity of churches was discussed. It was the opinion of the board that this could be done, the parking ordinance applying only to the business district.

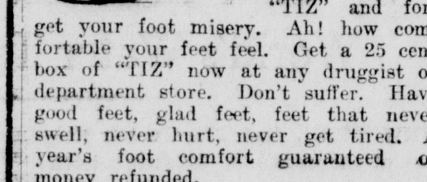

DAKOTANS STOP BUSINESS TO HARVEST BUMPER CROP

FARGO, N. D., Aug. 27.—Many business houses throughout the Dakotas are closed today. Professional offices and some banks even have closed their doors in the smaller Dakota towns. The reason for this unprecedented situation is that business men, bankers and professional men are needed to harvest the bumper wheat crop of the Northwest. Many closed their places of business to help farmers harvest.

HOW "TIZ" HELPS SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelly feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical. It acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any drug or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

SANTA ANA HARDWARE CO. Both Phones C. S. Kendall, Prop. Auto Delivery

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Advertisement.

OFFICIAL MAP OF THE EUROPEAN WAR

Includes Many Features of Interest Not Found Elsewhere

Judging from the interest aroused in yesterday's announcement readers are anxious to get the latest authentic map showing the exact location of the great European war. The Register is passing out these maps at the mere expense of promotion, as shown in the war map coupon printed elsewhere in this issue.

The big war map is 18 1/2 x 16 1/2 inches and takes in the entire war area. Included in this map is a smaller map showing the ground plans of the five big European war capitals, namely: London, Paris, Berlin, St. Petersburg, and Vienna. The frontier between France and Germany shows the great French fortified towns, which also include Liege, in Belgium, where the first great land conflict occurred. There is also a chart of the North Sea and the Kiel Canal as well as the Baltic Sea and the Gulf of Finland.

The unique features described are not to be found in any other war map of Europe. They will appeal to newspaper readers who are watching the greatest of all war struggles.

For a short time these useful educational maps will be passed out to readers for ten cents each, or twelve cents where they are to be sent by mail. Act quickly so as to be able to talk knowingly of the greatest war of the age. Clip your war coupons and present them without delay.

BOLSA LADIES' AID GAVE ELECTION DINNER

BOLSA, Aug. 27.—Mr. and Mrs. D. W. Spradlin returned Wednesday from a trip to the San Juan Hot Springs. A number of Bolsa people attended the celebration at Garden Grove last Saturday.

Mr. and Mrs. W. L. Dilley entertained their friends last Saturday evening with a dancing party. Those enjoying this event were Mr. and Mrs. W. L. Dilley, Mr. and Mrs. Preston Stroud, Mr. and Mrs. E. A. Gardner, Mrs. G. A. Walker, Misses Laura Harding, Levena Ross, Melba Ross, Messrs. George Harding, Will Harding, Armand Heli and Ralph Ross.

The funeral services of Mr. E. R. Blakey, who died at his home near Bolsa on Tuesday, were held at Bolsa church on Wednesday at 2 p. m. The entire community joins in extending sympathy to the bereaved family.

Mrs. G. A. Walker is visiting with friends and relatives at Santa Ana for a few days this week.

The Ladies' Aid served dinner and supper at the school house on election day. Miss Laura Harding, Miss Bertha Michel and Miss Levena Ross had charge of the ice cream stand. About twenty dollars was cleared during the day and evening. The money is to help pay for the church extension.

NO COMPULSORY SERVICE YET FOR GREAT BRITAIN

LONDON, Aug. 27.—The opponents of compulsory military service in Great Britain momentarily raised their heads in the house of commons yesterday, but Premier Asquith reassured them. He said there was no intention of introducing this system. He added, however, that Secretary of War Kitchener needed all the recruits he could get. It was a great mistake to think, the premier declared, that Great Britain wanted only 100,000 men.

Garland Gas Stoves

For forty years "Garlands" have had the reputation of being as high grade, perfect working and economical stoves as is possible to buy.

One of the most satisfactory gas ranges made in this line is the No. 360. This range has a large 18-in. oven, fine broiler and five burners on top. It is equipped with the famous Garland adjustable valves and has the most economical burner known. It sets up high from the floor, is made heavy and lasting, works perfectly and is guaranteed to please. We sell this stove for \$24.90. Can't we show you this stove?

SURROUNDING ITS PIPE WITH NEW JACKET

Yorba Lindans to Protect Water Line From Rust and P. E.

YORBA LINDA, Aug. 27.—The test is now being made on some of the mains of the Yorba Linda Water Company's system, by placing around the pipe a cement jacket made in the forms out of the finest grade of cement concrete, allowed to harden in place, thus making a solid cement jacket around the pipe for the purpose of protecting the pipe from external rust, and also from the effect of electrolysis caused by the Pacific Electric railway crossing the mains. This has been tried in other districts and proved eminently satisfactory, and there is every reason to expect perfect satisfaction in this case.

The Yorba Linda Mercantile Company was organized at a meeting held for this purpose last evening. The officers are: Thomas B. Welch, president; J. A. Buckmaster, treasurer; Roy C. Ware, secretary. The concern is organized for the purpose of running a co-operative store at Yorba Linda, which will be a general department store, carrying all supplies and commodities generally handled by a large institution of this nature. Over one hundred men have already subscribed for stock, and others are enlisting as rapidly as opportunity is furnished them, and the success of the institution is guaranteed in advance.

Mr. Anton Bierman, of Whittier, for a number of years the general manager of the Whittier Bakery Co., is now receiving bids for the building of a \$3000 Swiss chalet to be erected in the immediate future on his lemon ranch at Yorba Linda. This is a most beautiful plan for a home, and is to grace one of the finest building sites in all the Yorba Linda tract, situated near the Yorba Linda town site. As soon as the home is completed, Mr. Bierman and family will reside in Yorba Linda.

HIS GOOD INTENTIONS AVOIDED HIM NOUGHT

When W. Brown, a Los Angeles high school student, left his suitcase on the back porch of the house of one of his friends on North Bush street last evening, in the hopes that by so doing he would not disturb the slumbers of the inmates of the house, he failed to reckon with the fact that he might make a noise. The result was that he did disturb the sleepers. They telephoned to the marshal's office and officer Ryan repaired to the scene, expecting to have to cope valiantly with a burglar. By the time Officer Ryan got to the scene the suitcase had been found on the back porch and had been recognized as belonging to Brown. The matter was explained to Ryan, who returned to his downtown beat.

COTTON MEN MEET TO TALK AID FOR PLANTERS

NEW ORLEANS, Aug. 27.—Two thousand cotton growing counties were represented here today in a meeting called to formulate demands on the United States government for aid for the planters, through the banks, until the cotton markets are improved. Japanese buyers have bought a large part of the Texas crop.

ROBERT J. COLLIER CRITICALLY ILL—IS IN STATE OF COMA

NEW YORK, Aug. 27.—Robert J. Collier, editor and publisher of Collier's Weekly, was brought to New York today on a special train from the Adirondacks. He is critically ill from uraemic poisoning. He was stricken Sunday and has been in a state of coma ever since.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at Once When Back Hurts or Bladder Bothers

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

STATE OF LINCOLN, GRANT AND LOGAN TO PICNIC SATURDAY

The call has gone out for all the former residents of the state of famous men to meet in Eastlake Park, Saturday, August 29, for an all day picnic reunion. The Illinois Society of Los Angeles issues the call but it is for all the "Suckers" in all of Southern California and all are wanted in the great reunion. It will give the opportunity to meet the old home state friends once more for the county plan of registration will be used and all from any given county will have a central meeting place. There will be a popular program of music and addresses. Well known Illinois orators will recall the fame of the state and the music will be popular songs including the Illinois song. A girls' glee club and a famous trio will add to the interest.

Everyone should bring picnic dinner and also cup and spoon. Coffee will be served free to all who buy the badge. All Illinoisans will take notice that this will be the only picnic this fall as the one for September 8th has been given up so all should join in this one. The people from the state of Lincoln, Grant and Logan always want to meet each other and here is the chance. So you folks from the grand old Sucker state respond to the call and be on hand early and spend the day Saturday, August 29th in Eastlake Park.

The officers of the society are in active charge of the plans and will direct the activities on the grounds. Hon. H. J. Brubaker, formerly of Freeport, is the president and Dr. William Wenzlick from Chicago the vice president. Miss Hilda Nelson is secretary and Miss Lida Jones the treasurer is one of the most tireless workers on the job.

Licensed to Wed A marriage license was issued in Los Angeles yesterday to Claude W. Huntzinger, 22, and Ona C. Selvidge, 27, both of Santa Ana.

LOSING HOPE WOMAN VERY ILL

Finally Restored To Health By Lydia E. Pinkham's Vegetable Compound.

Bellevue, Ohio. "I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break, I had pains all over me, nervous feelings and periodic troubles. I was very weak and run down and was losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and I cannot say too much for your Compound. Would not be without it in the house if it cost three times the amount."—Mrs. CHAS. CHAPMAN, R. F. D. No. 7, Bellevue, Ohio.

Woman's Precious Gift.

The one which she should most zealously guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so affected such women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

On a hot summer day the temperature in the upper part of a building covered with J-M Asbestos Ready Roofing is from 15 to 30 degrees cooler than with any other roofing. The white asbestos surface reflects the heat instead of absorbing it and transmitting it to the rooms below.

J-M ASBESTOS ROOFING

Besides making a building cooler in summer and warmer in winter, it is the only ready roofing that never needs painting. J-M Asbestos is also the only ready roofing that is fire-proof.

Its First Cost Is The ONLY COST. Write or call today for Samples and Booklet.

Also Lumber, Millwork, Cement, Beaver Board, etc.

MRS. KNIGHT WAS HOSTESS

Delightful Affair Pleased Sixty Guests—Unique Features Were Pleasing

Mrs. T. D. Knights, president of the Ladies' Aid Society of the First Christian church, recently issued invitations to the ladies of that church to be her guests at the church yesterday afternoon, and in response, sixty ladies assembled to partake of her hospitality. The hostess utilized the basement of the church for the delightful afternoon event and very cleverly arranged the space into reception, living and dining rooms. The decorations of the two former were pink roses and ferns while rugs and easy chairs added to the charming and home-like effect.

An immense American flag separated the dining room from the other spaces and the tables were arranged in a hollow square, each table being centered with a centerpiece of white flowers and greenery. The tables were covered with white cloths and the fruit was a delectable part of the dainty collation served. While the guests were still at the tables, poems by James Whitcomb Riley were read by Mrs. E. G. Gist, Mrs. Frank Cannon and Mrs. I. D. Mills, each lady delighting the company with her artistic interpretation of the Hoosier Poet's lines.

A most entertaining feature of the afternoon was a chatty talk by Mrs. Neil McTaggart who with her husband recently took a trip around the world as a celebration of their silver wedding day. With such a romantic reason for making such a journey, it was not surprising that one who had participated in the around-the-world trip should give a delightful account of some of its phases. Mrs. McTaggart told of their travels through Egypt, Italy, Switzerland and France and succeeded in holding the interest of her hearers to an unusual degree. Indeed the entire afternoon was of unique and gratifying pleasure, and Mrs. Knights was congratulated by her guests on its success. She was assisted by Mrs. Errol Lucas, Mrs. Stovall and Miss Katherine Whitehead.

Mrs. Gowen Appointed

Mrs. J. E. Gowen, 928 Spurgeon street, Santa Ana, has received the appointment of corresponding secretary of the Southern District C. F. W. C. to succeed Mrs. G. W. Sherwood of Fullerton, who has resigned.

Attend "V" Convention

Pauline McElree, Flossie Zerman, Ethel Reed, Vern House, Perry Thomas and the Misses Colgan, Smith and Finney of Tustin, left on an early car for the city to attend the two days' session of the state Y. P. B. convention.

Another delegation headed by Mrs. Frank H. McElree will go up tomorrow to enjoy the last day. A courtesy picnic to be held in Hollenbeck Park will be included in the day's program. The Santa Anas have important parts on the program.

Reception to Pastor and Wife

A congregational social will be held at the United Presbyterian Church tomorrow night, taking the form of a reception to the new pastor, Rev. J. G. Kennedy, and his wife. All members and friends are invited to be present.

Let us teach you to cross stitch. You think you know how, but you don't. We teach you free.

Merigold Bros. Odd Fellows Building

Musician Visits Here

Mr. and Mrs. C. A. Gustlin enjoyed a short visit yesterday from Miss Helen Beatrice Cooper and her mother, Mrs. Edwards, of Glendale. Miss Cooper is a soprano of wide reputation whom Santa Ana music lovers will very likely have the pleasure of hearing sometime during the coming season.

Her successes have not only extended over her home country, but also abroad, where Mr. Gustlin met her in Dresden.

She is at present organizing a select school of music at her home in Glendale and ran down to investigate the methods and plans of the Orange County Conservatory of Music, of which Mr. Gustlin is founder and director.

Long-McCullock

Riverside Press: Norman M. Long and Miss Della McCullock, both of Santa Ana and natives of California, were united in marriage by David B. Looftbourrow, pastor of Grace church, the parsonage, 797 East Eighth street, this morning at 11 o'clock. Mr. and Mrs. Long will reside in Santa Ana.

Preparing to Celebrate

The most important feature of the session of Torosa Rebekah lodge evening was the appointing of a capable committee to carry out fitting plans for the celebration of the sixty-third birthday of the Rebekah order. The celebration will take place on September 23, and will undoubtedly be a most successful and enjoyable affair.

Named on the committee were Mrs. Ella Mitchell, Mrs. Susan Mullins, Mrs. M. E. Shaw, Mrs. C. S. Shaw, Mrs. Moore, Messrs. C. S. Shaw and J. P. Joplin.

Hostess at Merry Party

Miss Mildred Heninger entertained last evening at her beautiful Birch street home. Choosing pink for the color scheme Miss Heninger had most charming results in the decorations of the rooms. Everywhere there were to be seen lovely pink carnations and roses with ferns of cool-looking green combined with the dainty blossoms. Games and conversation were varied by a number of prettily played piano numbers by Mrs. Fred Chapman, and a solo by James Livesey.

Miss Heninger was aided by Miss Talbot in serving refreshments. Her guests were Misses Vivian Talbot, Lucile Packard, Ethel Heidegger, Helen Stanley, Cecile Fross, Messrs. James Livesey, Jewell Hilton, Otto Thorman, Wayne Stewart, Gordon House, Charles Fahy.

PELL FAILURE RESULTS FROM WAR CONDITIONS

NEW YORK, Aug. 27.—Liabilities of S. H. P. Pell & Company, stock and cotton brokers, whose suspension was caused by demoralization in the cotton market incidental to the war situation, exceed the firm's assets by more than \$3,000,000, according to a schedule made public yesterday. Robert M. Thompson is the firm's chief creditor. The amounts owing to him is placed at \$3,100,000.

NO CIPHERGRAMS TO SWEDEN

NEW YORK, Aug. 27.—The use of code or cipher in cablegrams to Sweden has been prohibited by the government of that nation, according to an announcement made here by the Commercial Cable Company. All messages must be written in plain English or French.

The "Public School Music Course" will be under the exclusive direction of Mr. Gustlin, director of the Conservatory.

His broad musical experience, besides many years' association with men like W. L. Tomlins and E. L. Coburn, the latter now supervisor of music of the St. Louis schools, and his work at the University of California along special lines of school music superiorly qualify him to direct such a course of study.

The opening date for this course, October 10th, should be borne in mind. An outline of subjects included in the course will be presented tomorrow, 504½ N. Main St. Pacific 214

Entertained for Her Mother

After a delightful summer spent in Santa Ana, Mrs. John Morrison, mother of Mrs. Ted Shaw, left today with her family, Miss Viola and Crawford Morrison, for her home in Omaha, Neb. Anticipating her departure, Mrs. Shaw yesterday afternoon entertained in honor of her mother, the affair being in the nature of a Kensington party. The Shaw home on West Fifth street was merry with the hum of conversation over dainty needlework. Several of the guests, Mrs. L. Neff, Mrs. Nat Neff, Mrs. Barry McPhee of Santa Ana and Mrs. Dennis of Orange, were former Nebraska friends of Mrs. Morrison. Others present were Mrs. L. L. Shaw, Mrs. Charles Grouard, Mrs. Charles Riggs, Mrs. George McPhee, Misses Faith and Marjorie Shaw of Santa Ana, and the Misses Marie and Jean Dennis of Orange. At a late hour in the afternoon, inviting refreshments were served by the hostess, assisted by Misses Faith and Marjorie Shaw.

One of the many pleasant experiences enjoyed by Mrs. Morrison and her daughter and son was a recent sojourn at Laguna Beach in company with the families of Linn L. Shaw and Ted Shaw. The picturesque charms of Laguna proved alluring, and the days at the seashore will long linger in the minds of the visitors.

PERSONALS

Miss Jean Robertson has returned from Blue Earth, Minnesota, where she has been for the last two years attending school. Completing her studies there, she will soon begin school work in Los Angeles.

Stanley Reinhaus has gone to San Francisco, making the trip on the steamship Harvard, the Salt Lake booking his passage.

Dr. and Mrs. A. S. Coates of Vacaville, California, arrived here today to visit at the home of Mr. and Mrs. J. H. Walker, 514 East Second street.

Mrs. Walker was acquainted with the visitors in the East. They are just returning from a visit to New York.

Mrs. Sam Hurwitz of 115 East Second street came home yesterday from Los Angeles, bringing with her two baby daughters lately arriving in the Hurwitz family.

Jay Cutler went to Corona yesterday for a couple of days' stay. He returns this evening.

Mr. and Mrs. J. S. McDannald have gone to Covina to visit Mr. McDannald's sister, Mrs. Archie Vincent.

Mr. and Mrs. Ed Tedford came down today from Los Angeles to attend the funeral of Mr. Harry Tedford, who passed away early in the week at San Francisco.

Mrs. C. McClung of Glendale is visiting at the home of Mrs. R. C. Merritt on Spurgeon street.

Miss Justine Whitney spent today in Los Angeles, going to the city on an early forenoon car.

G. Jackson and family left today over the Salt Lake route for a visit at Prairie View, Kansas.

Mrs. A. S. Wells of Alfred, New York, is spending a few days in Santa Ana, becoming acquainted with the good points of the city and its surrounding country.

Miss Margaret Roy, daughter of Mr. and Mrs. George Roy, of 1525 North Main street, was an all-day visitor in Los Angeles today.

Mr. and Mrs. Lou P. Hickox and family left today for a stay at Laguna Beach, where they will remain until inclination sends them back to the busy haunts of Santa Ana again. They expect to enjoy the outing by the seashore for at least a week or two.

Prof. W. C. Roberts was a visitor to Los Angeles this forenoon.

A. G. Beckman and family departed today for a visit at Phillipsburg, Kan., which place they will reach over the Salt Lake road.

Rev. and Mrs. George N. Greer are enjoying an outing of some length at Newport Beach, leaving today for the seaside.

Dr. Mabel Vance-Tremaine spent today in Los Angeles, leaving here on an early Pacific Electric car this morning.

SACRAMENTO HAS PLAN FOR RETIRING SALOONS

SACRAMENTO, Aug. 27.—The city of Sacramento is about to buy its first saloon for \$3000, taking advantage of the fact that saloons are cheap under the present conditions, with the prohibition wave threatening. The city has a system whereby all saloons in the city pay a small amount to the saloon-reduction fund quarterly, and when this fund is sufficiently large it is to be used to retire saloons. A saloon which the commission plans to buy has been appraised at \$3000.

—Don't forget the new Millinery store, where you can get the most up-to-date styles at lowest prices. Mode Millinery, 415 N. Main street.

Dr. Dorothy Harbaugh Physician and Surgeon. Hours: 10 to 12 a. m.; 2 to 4 p. m. and by appointment. Special attention given to Gynecology and Obstetrics. 610 East Fourth St. Phone: Home 181; Pacific 1310.

THE TRUTH ABOUT WINE-GRAPE GROWING

The statements which some people are today uttering for publication, condemning the "Dry" movement, not only are not in accord with the facts, but are directly contrary to what they said before the "Dry" campaign was begun. When they were talking with each other of their decadent wine-grape business, they used plain and doleful language, admitting that wine-grape growing in California was a failure. Now, animated doubtlessly by a slush fund raised by distilling and brewing interests, they are using entirely different language, and crying out against the proposed ruin of a "great" and "lucrative" industry.

So much alike are the resolutions passed by some of the members of certain clubs and chambers of commerce that it is perfectly evident that the same master mind drew them one and all.

First, such resolutions recite that a great viticultural industry has been fostered by the state, "representing an investment of \$150,000,000, from which the state received last year an income of \$26,175,000, of which 90 per cent came from beyond its borders, and 60,000 people and 340,000 acres of land are directly and indirectly devoted to this industry." Then they claim that the "Dry" amendment will destroy this industry, when as a matter of fact, it will not materially injure any of it, but will prove a blessing to grape growers and labor in the state of California.

CALIFORNIA DRY COMMITTEE FOR SANTA ANA.

COUNTRY CLUB TALK

If the club keeps growing in popularity at its present terrific rate it is hard to tell just how the accommodations will prove sufficient to take care of the crowds which frequent the club house and grounds not only on Sundays but on every day of the week.

At 10 o'clock this morning there were no less than eight golfers out on the course. Caretaker Anderson said this morning that big crowds of visitors had been at the club every day this week.

Preparations are now being made for a big dinner to be served Sunday from 12:30 to 3 o'clock. Last Sunday, although it had not been announced that dinner would be served, nineteen persons availed themselves of the excellent cuisine provided by the Japanese chef.

It is estimated that there were 150 visitors to the club last Sunday. At present it is difficult to learn the names of the visitors from week to week as a register has not yet been provided, owing to pressure of other more important matters which needed to be looked after. However, Mr. Anderson announced that it would be but a very few days before the register is provided and then it will not be difficult to secure names.

SAN GABRIEL NIGHT SCHOOL FOR MEXICANS

SAN GABRIEL, Aug. 27.—Rev. Jose Venecia, pastor of the Spanish Presbyterian Mission here, inaugurated a new idea by establishing a night school for men. The Mexican population took to it at once and about twenty-five are already enrolled.

TIRES BEING VOLCANO MT. LASSEN IS GEYSER

RED BLUFF, Cal., Aug. 27.—Having tired being a volcano for awhile, Mount Lassen today has resumed its old job of being a geyser. As a geyser it was something of a success before essaying the volcanic role. It began this experiment some weeks ago, throwing up hot stones as large, in some cases, as bushel baskets. For a time the rangers were afraid it would start serious forest fires.

Gradually, however, the stone-throwing subsided and the squirting of steam and hot water began again. Some ashes are thrown up with them, which makes the emission look like smoke.

CANADA AND CHINA TALK IMMIGRATION

VANCOUVER, B. C., Aug. 27.—Negotiations are in progress today between the Canadian government and the Chinese republic with a view to an agreement for control of Chinese immigration into Canada. President Yuan Shi Kai is understood to have indicated he would indorse such a compact as the one which 400 Japanese are admitted to the Dominion yearly. He would like, however, to have the present \$500 head tax paid by the Chinese abolished. The opinion here is that an agreement of the kind would facilitate the negotiation of a similar arrangement with the imperial government concerning Hindu immigration.

MRS. E. H. HENRY, NIECE OF ZACHARY TAYLOR, DEAD

SANTA MONICA, Aug. 27.—Mrs. Elizabeth H. Henry, wife of Captain W. F. Henry and a personal friend of Abraham Lincoln and a niece of Zachary Taylor, died Tuesday night at the family home, 1826 Belmar place. She was 75 years old and had lived in California many years. Her husband opened the first store on Temple street in Los Angeles in 1883. Funeral services were held from the Kirkelle undertaking parlors this afternoon at 2:30 o'clock, and burial was in Woodlawn cemetery.

POMONA ELKS ON VISIT

POMONA, Aug. 27.—About 100 members of the Pomona lodge of Elks were the guests of the Elks living in the Cucamonga district at a huge outdoor picnic at Sycamore grove near Cucamonga last night. A special train on the Pacific Electric carried the local members to the picnic ground. A large barbecue featured the evening "frolic."

MORE GOOD WORK
Riverside Press: Perhaps this has been an off year, but if it has our good roads policy hasn't felt the depression to any considerable extent. Following right on the heels of what other counties in Southern California have done, Orange county comes to the front today with the statement that she has just finished laying 46 miles of concrete out of a total of 107 miles, which are to be boulevards as rapidly as the contracts can be completed. Eighty-two miles of contracts have already been let, and the other contracts are to be let immediately.
The Laguna road, south from Irvine, will be open for traffic soon, and the Newport Beach road will be open in about two months. Road improvement goes steadily forward all over the southland, and the grade of roads we are building may be classed as permanent improvements. Our highway system is a thing to which we may point with pride.
No state in the Union equals California in building good roads and keeping them good.

REALLY PROGRESSIVE
The returns from Tuesday's election shows that in Orange county, as all over California, many Progressives registered as Republicans. Why should a Republican have voted for Eshleman for the Republican nomination for governor unless in his heart he wants the Johnson administration continued?
In Orange county 1275 Republicans voted for Eshleman, which was 215 more votes than were given to any other candidate for the Republican nomination. With all the publicity that was given to the fact that the name of Eshleman, a Progressive, had been placed upon the Republican ballot, but very few voters went to the polls uninformed of the situation. They deliberately expressed their preference for the Progressive.
The result of Tuesday's primaries in California are another indication that a majority of the people are thoroughly satisfied with Gov. Johnson's administration. The Register believes that in November thousands of men and women registered as Republicans or with other parties will vote for the Progressive nominees. It believes that practically all of the "declines to state" vote will be for Gov. Johnson.

JEROME THANKS HIS FRIENDS FOR SUPPORT
To those who gave me their support in the primaries, I want to give my sincere thanks. I appreciate more than I can tell the splendid work done by my friends. I take great satisfaction in the fact that in Tustin, where I was raised, in San Joaquin and El Toro, where I have lived, and in Santa Ana, my present home, and where I am best known, I received a vote of better than two to one. San Joaquin gave me a vote of nearly six to one. For this expression of confidence in me I am highly pleased, and for it I extend my thanks. The contest will have to go to the November election, and I desire to say that I shall make as energetic a fight as I did in the primaries, and ask my friends to keep up their splendid work for me.
Yours very truly,
W. C. JEROME.

FIRST 1915 HUDSON ARRIVED YESTERDAY
C. E. Isaacson & Son, local agents for the Hudson, brought down their first 1915 model of the Hudson 120 yesterday. The new car, which is the light six type, shows many improvements over the last year's models and will undoubtedly be one of the popular sizes of the year.
The Messrs. Isaacson are also agents for the Oldsmobile and expect to get in their first model 42 Oldsmobile on or about the first of September.
NEW 1915 OVERLAND TOURING CAR IS HERE
The first 1915 Overland to reach Santa Ana arrived at the Main Auto Company's garage this week. The car is a model 80, five-passenger touring car, which in appearance outclasses anything ever before turned out by the Overland factory.
The new model has the popular stream-line body, is roomier than before, has deeper upholstery and higher seat backs, besides numerous refinements.

AMUSEMENTS
Temple Theater
At the Temple Theater tonight and tomorrow only, will be seen one of the most interesting and spell-binding society dramas ever produced, "Clothes."
Those wishing a real Temple Theater treat should not fail to see this great play, which made the celebrated actress, Grace George, famous.
This is a play every woman should see, as it is a problem play of today.
Perils of Pauline
The Lyric Theater is presenting today only, the eleventh episode in the Perils of Pauline series, which was the magnet that drew one of the largest matinee audiences this theater has yet enjoyed.
In addition to Perils of Pauline a special added attraction, "A Law Unto Himself," in two big parts, featuring Robert Leonard, is being presented, which is a story that appeals and holds the audience spellbound and in wonderment through the entire story.
Then there is another fine Western story, entitled, "A Ranch Romance," featuring Murdock McQuennie, and a rich comedy, "Tango vs. Poker," with Barbara Tennant, which goes to make up one of those excellent programs which this theater always presents.

DEMAND FOR FORD CARS EXCEEDS THE SUPPLY
The reduction in price of Ford cars which went into effect on August 1 has occasioned such a demand that temporarily the local agency is unable to make deliveries. Their allotment of cars, which ordinarily would have been ample to meet all demands, was entirely sold out this week. A new shipment is expected within a few days and in the meantime orders are being booked for delivery as soon as cars can be had.

Temple Theatre, CORNER OF THIRD AND BUSH STS.
Tonight and Tomorrow Only, Grace George's big hit
"CLOTHES"

LOS ANGELES PRODUCE MARKET

A feature of the past two weeks has been the steady decline in the price of onions. The Australian Brown variety is now off 50 cents a hundred from the price of two weeks ago. Another decline of 10 cents was recorded yesterday. Yellow Danvers onions also have fallen off in price. The large supply in the San Joaquin river districts is responsible for the decline. Although producers have made an effort to prevent overloading the various markets, they have not so far been successful in the attempt. Further declines are expected.

The local market for butter and eggs continued unchanged, but an advance of 1 cent in the price of butter in San Francisco was recorded. This places the market there on a 30-cent basis, as compared with 25 cents here, and an advance of a cent or two here may follow. Eggs and cheese were unchanged in the north. Local receipts of butter were good, and this militated against any rise in prices yesterday.

Lemons have declined 15 per box, owing to the fact that some of the Sicilian fruit is being secured in the Eastern markets. The situation may now assume a steadier tone. Belle fleur apples were easier. The first Cornishon grapes were received and brought \$1.25 a lug. Malagas and Muscats are fairly easy.

Summer Coughs Are Dangerous.
Summer colds are dangerous. They indicate low vitality and often lead to serious Throat and Lung Troubles, including consumption. Dr. King's New Discovery will relieve the cough or cold promptly and prevent complications. It is soothing and antiseptic and makes you feel better at once. To delay is dangerous—get a bottle of Dr. King's New Discovery at once. Money back if not satisfied. 50c and \$1.00 bottles at your Druggist.—Advertisement.

Constipation Causes Sickness.
Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Just take one dose tonight. 25c at your Druggist.—Advertisement.

ASSOCIATED CHAMBERS ENDORSE FREE LIBRARY

Recommend Supervisors to Employ Man to Aid in Securing Right-of-Way on State Highway

By unanimous vote the Associated Chambers of Commerce in session last night at Garden Grove decided to recommend two things to the Board of Supervisors, first, that the board employ a competent man to look after the interests of the county in the matter of securing rights of way for the state highway south of Santa Ana to the county line; second, that the board take steps toward the establishment of a free county library.

The resolution to recommend the Board of Supervisors to employ a man to expedite the state highway work south of Santa Ana was adopted following a discussion which arose after S. H. Ingle, chief engineer of the County Highway Commission has made a short talk in which he summarized briefly the progress of road work in the county.

From talk about the county work the subject gradually drifted to the matter of the State Highway Commission's actions in regard to failure to push along the work on the road to San Diego.

J. A. Armitage of Sunset Beach set the ball rolling. He touched upon the non-committal though entirely pleasant and seemingly obliging talk which had been made the Associated Chamber at Buena Park last month by Highway Commissioner Darlington.

"At that time Darlington told us," said Armitage, "that there was not the slightest hitch in regard to securing rights of way for the state highway south of Santa Ana to the county line. According to Darlington, there would be not the slightest difficulty in immediately getting things under way. But the fact of the matter is that nothing has been done, we are now no closer toward getting that road completed by 1915 than we were six months ago. The one thing we want in Orange county now is to have that road finished. We've got to have a man on the job to further the county's interests. If this man costs us two or three hundred dollars a month it would be money well spent if the man accomplished his purpose so that the road will be completed early in 1915."

Those who spoke following Armitage's talk were unanimous in concurring that the trouble lay entirely with the State Highway Commission.

Armitage's motion carried unanimously. N. Le Marquand stated that he believed that a 15-foot road was not wide enough for the state highway south of Santa Ana. Others who then spoke agreed with Le Marquand but the consensus of opinion was that it would be an extremely difficult matter to get the State Commission to put in wider paving.

Library Matter

Armitage, as chairman of the committee to investigate the county free library plan, said that after thorough investigation he had found that the outlying districts had recommended that the Chamber of Commerce recommend the library system.

"In regard to the question of graft I thought that the matter of contract-

NO MATERIAL CHANGES MADE BY LATE FIGURES

Returns have been received from every precinct in Orange county. Late returns show no material difference in the figures.

The totals show W. H. Thomas as high man in the vote for nominees for superior judge, his vote being 5912, Z. B. West's, 5830. R. Y. Williams and W. F. Heathman were nominated. L. A. Daniel being eliminated from the contest.

Although the Socialist nominee for governor received 354 votes in the county, Mrs. Minnie Wilson for county auditor received 1965 votes. W. C. Jerome received 669 more votes than were received by County Auditor C. D. Lester. Mrs. Wilson is eliminated from the contest by the primaries, and Jerome and Lester will have no decision in their contest until November.

C. E. Jackson is high man for sheriff, he and C. E. Ruddock being nominated.

County Totals

The semi-official returns of the vote cast upon state candidates in this county follow, the vote given Johnson by Republicans who wrote his name in on the ballot not yet being available.

Chief Justice Supreme Court—Angelotti, 2360; Bordwell, 4226; Conley, 1985.

Associate Justice Supreme Court—Shaw, 3268; James, 3668; Lawler, 3488; Murphy, 1912.

Presiding Justice, District Court of Appeal—Conroy, 2917; Craig, 4112; Williams, 1660.

Presiding Justice, Unexpired Term—Middlecott, 6162.

State Superintendent of Schools—Baldwin, 2910; Clond, 786; Davidson, 2027; Hyatt, 2597; Ware, 1048.

Republican candidates for Governor—Ralston, 404; Belshaw, 213; Fredricks, 3238; Keessling, 436.

Candidates for Republican nomination for Lieutenant Governor—Bauer, 556; Eshleman, 1275; Shinn, 781; Ward, 647; Mrs. Williams, 1060.

Candidates for Republican nomination for Secretary of State—O'Brien, 1094; Frank C. Jordan, 3331.

Republican for U. S. Senator—Shortridge, 1594; Knowland, 2503.

Democrat for U. S. Senator—Griffin, 518; Phelan, 1134.

Democrat, for Congress—Kettner, 1914.

Republican, for Congress—Needham, 3523.

Republican, for Assemblyman—J. C. Burke, 3773.

Totals for Progressive candidates for United States Senator—Henev, 1801; Rowell, 182.

Progressive, Assemblyman—Weisel, 1344.

There were 2062 votes cast for Governor Johnson for the Progressive nomination for governor. Moore at the head of the Prohibition ticket received 671 votes and Richardson at the head of the Socialist, 354.

Only about 9000 votes were cast out of a registration of 21,000.

Vote for Constable

By the vote for constables of Santa Ana township, W. R. Coleman, F. W. Heard, C. I. Pond and S. A. Clark are nominated. The vote by precincts follows:

	Clark	Coleman	Cravath	Heard	Iensenberg	Pond
Delhi	4	48	14	19	13	6
Harper	43	58	10	8	11	24
Laguna	15	25	18	19	5	3

No. 6	51	97	17	99	115	18
No. 7	59	123	38	112	56	61
No. 8	71	163	36	102	46	47
No. 9	72	205	63	158	72	72
No. 10	73	173	56	101	62	56
No. 11	52	145	55	97	53	59
No. 12	36	69	20	47	20	34
No. 13	41	113	34	92	44	45
No. 14	84	241	111	112	28	73
No. 15	64	137	43	103	22	43
Tustin 1	70	165	26	71	32	45
Tustin 2	40	128	13	80	23	25
Total	1119	2620	801	1808	882	983

The Board of Supervisors met at 1 o'clock today to commence the canvass of the returns.

Close Contest

There is a good deal of interest manifested in the Democratic nomination for assemblyman. Just previous to the election cards were sent out to a large number of Democrats asking them to vote for Edward Chaffee, the only Prohibition candidate. These cards bore the printed names of W. L. Duggan, A. L. Swarthout and Geo. Reyburn, who are members of the Democratic County Central Committee. A large number of the friends of J. C. Burke, the only Republican candidate for assemblyman, wrote his name in for the Democratic nomination. Accurate returns on the matter are not obtainable, but from what is at hand there is every indication of close totals.

Hastily gathered figures indicate that there is a tie for constable of San Juan township between T. Goodwin and John Combs.

PANAMA CANAL GUNS FOR DEFENSE TESTED

PANAMA, Aug. 27.—Exhaustive tests were made yesterday of the huge guns at the Pacific end of the Panama Canal in order to ascertain their fitness. The tests were entirely satisfactory. There was an all-day firing of the guns with both normal and overcharges.

CANDIDATE THANKS VOTERS FOR SUPPORT

To the People of Orange County:

From the returns now complete it appears that you have approved of my work on the bench in no uncertain terms. I would be most unworthy of this splendid tribute were I to forget in the presence of this evidence of your confidence to thank you.

I want you to believe me when I say to you that I thank you from the bottom of my heart for this endorsement. I also desire to say that I have never felt the responsibility of this great office more than I do today. I realize that your support is given because you believe in me. Such being the case my prayer to God is that I may so conduct myself and perform the duties required of me in this great office in such a way that you may never have occasion to blush because of any action of mine.

I also desire to express my sincere appreciation of the conduct of the

splendid men who were aspirants for this nomination, all conducting themselves and their respective campaigns in a way becoming worthy candidates for so responsible a position. I appreciate their friendship and love them as men.

Again thanking you most sincerely, I have the honor to remain,
Your humble servant,
W. H. THOMAS.

Clune's Theater

Two vaudeville numbers are to be held over at Clune's for the remainder of this week. They are Elliott Beamer, bass soloist and Barrett & Bayne, harmony singers. Both acts have been highly pleasing and will no doubt continue to please their audiences. The Five Juggling Normans is the new act to be presented tonight.

From all reports this act is one of the best of its kind ever presented on the Pacific coast.

Following its present policy of showing some of the biggest and best motion pictures ever made, Clune's will bring to Santa Ana pictures of many of the latest stage successes, for example, "Paid in Full" and "Soldiers of Fortune." These pictures will be the best that money can buy and will be the productions of such companies as Shuberts, Klaw & Erlanger, William Brady, Cecil Spooner, Broadway Star Feature Company, and others. In

these pictures will be shown most of the prominent actors and actresses of the "movie" world, such as Dustin and William Farnum, Kathlyn Williams, Blanche Sweet, Mary Pickford, Burr McIntosh, and Robert Warwick.

One of these big features is "The Spoilers," which is to be shown here the first three days of next week.

This comes in nine reels and is intensely interesting from start to finish. It is taken from the famous book of that name written by Rex Beach and has William Farnum for its leading character. It has been good for a long run in every city where it has been presented, having just completed a very successful run at Clune's Auditorium in Los Angeles.

HIGH SCHOOL OPENING

ANAHEIM, Aug. 27.—The Anaheim Union high school will open on Tuesday, the 8th of September. There is to be a faculty of fifteen teachers. Additional courses have been added so that the opportunities for students are even greater than before. Quite a number of graduate students will attend this year. It is expected that the registration of students will exceed all previous records.

—Making over and re-trimming your old hats done at the Mode Millinery, 415 N. Main street.

SANTA ANA, CALIFORNIA, THURSDAY EVENING, AUGUST 27, 1914.

JOE WHITE IS LITTLE CHANGE WINNER OF BOUT IN COUNTY ROADS

That Leading North Through Buena Park Will Be Closed for One Week

Motorists will do well to note that the road leading north through Buena Park and Northam and the road leading east from Buena Park is now closed for oiling and surfacing and will remain closed for about one week, according to information received today from the Highway Commission.

The road from Seal Beach to Long Beach was closed today and will be rough traveling, although P. A. Stanton has informed the commission that he would build a temporary route to join the Los Angeles county paving with the Seal Beach road.

With the exception of the two foregoing there have been no changes in the road situation in Orange county since those announced in last Saturday's Register.

It might be well to again remind motorists that travel to Laguna Beach is still closed. It might be well to again remind motorists that travel to Laguna Beach is still proceeding via El Toro and the canyon road. The road from Irvine will not be open to traffic until about January 1, 1915.

About two miles of the Newport road are still impassable. Motorists not objecting to traveling alongside of the two-mile strip where paving is in progress may now go to the foot of main street in order to reach the beaches. However it was learned from the Highway Commission that the best way to go to Newport is to go south on Main street and turn west at Sunflower avenue, the first road south of the Southern California sugar factory.

The mile and a half section between the Huntington Beach road and Westminster is still closed.

The Alamitos road beginning at about a mile north of the Bay City road is still impassable to Alamitos.

In traveling through the Santa Ana Canyon cross the river to the north at about two miles beyond Peralta and re-cross at Gypsum Creek.

Though the Westminster Bay City road is passable it is quite rough owing to paving operations which have begun and the commission advises those desiring to go to Long Beach to go west on Fifth and First streets, Santa Ana, through Bolsa and then take the first road leading north. Then go one mile west from the end of the pavement and straight north to the Garden Grove road and on to Long Beach.

METHODIST TEAM IS VICTORIOUS

The First Methodist team defeated the Long Beach champs last night by a score of 21-13. The score ran up quite high but it was a good game just the same.

The Methodists got twelve hits from the two Beach pitchers, and nearly every play netted a two-base hit, Putnam getting a three-base hit and home run.

Long Beach got ten hits from Snow, including two home runs, a three-base hit and four doubles.

The Santa Ana Methodist line-up was as follows: Catcher, W. Harvey; pitcher, H. Snow; first base, S. Smith; second base, W. Warren; third base, J. Cannon; left short, E. Putnam; right short, G. Parker; left field, R. Jayne; center field, J. Wherry; right field, E. Greathouse.

The return game is scheduled for Saturday night.

GIANTS SPLIT WITH ST. LOUIS

ST. LOUIS, Aug. 27.—St. Louis and New York broke even in yesterday's double-header and last night the leading team's position in the race for the National League pennant was unchanged. St. Louis won the first game 4 to 0, when a wild pitch by Marquard permitted Huggins to score from second base.

New York won the second game 4 to 0 through Mathewson's airtight pitching and timely hitting.

First game score by innings: R.H.E. New York. 0 0 0 0 0 0 0 0 0 4 1 St. Louis. 1 0 0 0 0 0 0 0 0 2 2 Batteries—Mathewson and Meyers; Griner, Sallee and Wingo.

WHITTIER FAMILY SAFE IN U. S. FROM BIG WAR

WHITTIER, Aug. 27.—Word has been received of the arrival in New York of Christian Sorenson and his four daughters, Misses Mary, Katherine, Hilda and Laura, who were fouring Europe at the first news of the war. This is the first news of them since war was declared. They are expected to arrive in Whittier next week.

VIEW OF PART OF 40,000 GERMAN SOLDIERS MARCHING INTO BELGIUM FROM HANOVER

Within two days after the Kaiser's declaration of war against Belgium 40,000 German soldiers were on the march into the little nation from Hanover. They went by foot and train and with the result that

they gathered, August 5, for attack on Liege. In the first day's fighting they were repulsed, and according to accounts from Berlin sources, they lost 8,000. The battle was renewed August 6 with Crown Prince

Frederick William himself in charge of about 100,000 troops. The Belgians under King Albert held them off for a long time awaiting the arrival of 80,000 French troops being hurried to the scene.

The battle took place some miles from the scene of Waterloo 100 years ago. Inasmuch as it came at the beginning and not the end of a war it did not promise to be so decisive.

PROPOSE CHANGES IN GAME LAWS

The following are the main provisions of the proposed new game law as set forth in the initiative petition. While the law has many desirable features, those opposing the sale of game say the real reason for its proposal is to get the sale of game if possible. Two years ago the Orange County Fish and Game Protective Association went on record as against the sale of game. The People's Fish and Game Protective Association, which, it is alleged, is an organization of hotel men, is circulating the petitions and desires the question submitted to the voters at the November election:

1—Abolition of the \$2 fishing license and allowing citizens of the state to fish with rod and line without cost.

2—Allowing citizens to hunt in their own counties without a license fee when they do so for pleasure and not for profit.

3—Prohibiting the baiting of ponds for luring wild ducks and other water fowl and the use of nets and traps for hunting game.

4—Permitting transportation companies, dealers, hotels and restaurants to have in their possession any game legally killed.

5—Closed season for rail, grouse, sage hens, doves, plover, curlew and salton at the discretion of the legislature.

6—Reducing the bag limit on desert and mountain quail, snipe and plover. The limit is reduced from 20 to 15 on quail and to 10 on the other mentioned birds.

7—Establishment of at least one federal forest reserve in each game district to be made a state game preserve for refuge and propagation.

8—Stringent regulation by the Fish and Game Commission regarding the polluting of bays and rivers by escaping coal tar, petroleum and kindred substances.

9—Permitting the sale of game under regulations so that those whose circumstances do not permit the hunting of game themselves may be able to get a share of it in the public market.

10—Abolition of the present Fish and Game Commission of three members and the appointment of one of seven members, one of whom shall be appointed by the supervisors of the counties in each of the fish and game districts.

11—A state game warden and a state fish warden to be appointed by the Fish and Game Commission.

12—Provision for a fish hatchery in fish and game district No. 6, comprising that portion of the state south of Santa Barbara, which is entitled to this consideration.

13—Provision for the sale of fish and shell fish coming from other states during the closed season in California.

14—Money collected for the sale of fish and game licenses and fines shall be expended by appropriation made by the Legislature.

15—Season for killing ducks and water fowl shortened from November 1 to January 31, instead of from October 15 to March 15.

16—Restoring to fishermen in San Joaquin and Sacramento rivers use of five and one-half inch nets for bass and shad instead of six and one-half inch nets, which they will be obliged to use, beginning July 1.

VOLUNTEER FIREMEN MEET PORTSMOUTH, Va., Aug. 27.—Red shirts and helmets abounded here today when the annual convention of Virginia volunteer fire-fighters was held.

Season on Doves Opens Sept. 1; Outlook is Good

The dove season opens next Tuesday, September 1. The season will remain open until November 1, 1914. From all that can be learned it appears that the birds are plentiful this year, more so than for several years past.

The opening of the season will see a large number of local hunters heading for their favorite shooting grounds in the hopes of getting the limit on the first day. The birds have already begun to migrate, according to reports. Where they go appears a mystery but the fact is that they do leave. It is presumed that they fly southward.

The tree squirrel season opens also September 1. Game experts report that there are large bunches of the little animals traveling in the Tehachepi district.

GIANTS HAVE QUIT ROOTING FOR BRAVES

When the Braves first started to climb the ladder after their long slump the Giants rooted for them and expressed the hope that Stallings might get his men out of the cellar. Now victories by the Braves have lost their charm.

The Ethics of "Rooting"

To some cultured lovers of the ball field, the yelling of the bleacher crowd, trying to rattle a visiting pitcher, is the decadence of true sport. It is held to be the effort to win a ball game by means other than good ball playing. It seems like an unequal contest, with nine striplings in the arena contending against the united throats of hundreds or thousands of spectators.

Similarly, in connection with the tennis matches for the Davis cup, there has been criticism of lack of courtesy of the spectators to the visiting Australian competitors. After traveling 10,000 miles to compete for a trophy, it seems a hard proposition for one or two men to stand up against the active hostility of some thousands of people.

In games like tennis or golf, with but one or two contestants to a side, it would seem as if the crowd might take it as more of a personal contest, and not view the stranger with such positive dislike. But the large team of contestants in a ball game makes it essentially the battle of one town, college, or school, against another. It is a community struggle, each team representing the best effort of the athletic element of that community, and being entitled to the community backing. If there is an element of unfairness, it even up as the teams play on the different grounds.

Actually, the rooting is half the fun. Unsuspected possibilities of wit and retort are developed. The comment of the bleachers is quite as pertinent as the voice of the chorus in the Greek drama. The American temperament would never be satisfied with the role of the silent on-looker.

Star plays by a visiting team ought to be well applauded. The man who truly loves athletic skill will wish to recognize it wherever it is found.

Sporting Briefs of the Week

[By Hal Sheridan]

NEW YORK, Aug. 27.—If there ever were two ball players in the world who have a legitimate excuse for kicking themselves all over a ball lot, Vin Campbell and Bill Rariden, outfielder and catcher respectively on the Indianapolis Federal League baseball club are the ones.

These two athletes—both stars—last year were members of the Boston National League club. Campbell didn't play in 1913, having quit the national pastime in a huff the season previous, but he still belonged to the Braves and at the beginning of this season he was importuned by George Stallings, the Braves' manager, to join the club.

Rariden was a member of the club last year. He caught the majority of Boston's games and was ranked as one of the classic receivers in the National League. During last winter Federal League agents whispered luring offers into the ears of both Campbell and Rariden. The athletes listened and began to fall, as the Fed agents named sums much in excess of the salaries they were receiving at Boston.

Now, Boston last year was a down and outer with no show of getting into the world's series money. And the prospects for 1914 were not much brighter at the time the new league's agents were after Rariden and Campbell. And so it was not strange that Rariden and Campbell should jump to the outlaw circuit with a chance to make more money.

But now with the Boston Braves knocking the props from under the Giants and being picked by many to win the national League flag, its a

CONFLICTS WILL SOON BE ON AGAIN

Torrance Club Comes Here Sept. 6 to Do Battle With Stags

OTHER GOOD TEAMS ARE NOW ON BOOKS

Dressing Rooms at Moose Park Nearly Done—Cold Showers and Other Conveniences

The sessions at Moose Ball Park will be resumed one week from Sunday, which brings the first game September 6. The Torrance aggregation will invade the local ball yard on that date. On the Sundays following the Stags will do battle with three Los Angeles teams, namely the Tigers, the Hatbox Club and the Pacific Electrics.

That the new dressing rooms on the Moose grounds are nearly completed will be welcome news to all the players. The "shack" will be arranged conveniently in all respects, roomy dressing rooms, running water and cold shower attachments being some of the most desirable features of the house.

All indications point to the extreme likelihood of the coming winter season being an entirely successful one from all standpoints. Manager Deck promises that he will have some of the fastest athletes in this neck of the woods on the Stag team. The booking system with which Deck is now affiliated makes it certain that only A1 teams will come to Santa Ana.

CUBS' PAWS SCRATCH THE BOSTON BRAVES

NEW YORK, Aug. 27.—In a game in which Cheney allowed Boston but one hit and no runs, and Saier scored Chicago's only run with a four-base hit, the tension of the close league race yesterday grew so great that players of both clubs engaged in a fist fight. Several players were banished from the game.

In the seventh inning, after Saier drove the ball over the right-field screen for his home run, Zimmerman followed with a hit to left field and attempted to stretch it into a double. Evers was waiting with the ball when Zimmerman slid into second base, tagged him. Something unseen happened, for Evers hit Zimmerman on the head with the ball as the player slid past the base. Zimmerman arose immediately and in a moment a free-for-all fight followed.

Maranville came to Evers' assistance and a swarm of the home players rushed to the aid of Zimmerman. When order was restored, Zimmerman, Evers, Maranville and Schmidt were sent to the clubhouse. It was necessary for Manager Stallings to send Pitcher Hess to first base for Boston.

Score by Innings	R.H.E.
Boston . . . 0 0 0 0 0 0 0 0 0 1 1	
Chicago . . . 0 0 0 0 0 0 1 0 x—1 6 1	
Batteries—Tyler and Gowdy; Cheney and Archer.	

SAYS STARS HAVE NO INFLUENCE ON LIVES

CHICAGO, Aug. 27.—Prof. E. C. Pickering, Harvard college astronomer and president of the Astronomical and astro-physical Society of America, holding its seventeenth annual session in the Engineering building on the Northwestern University campus at Evanston, yesterday announced as unfounded, ridiculous and even malicious a belief that the position of the stars determines to some extent the career and fate of mortals on earth. The convention decided to use American instead of German scientific terms, so as to be neutral.

managed to win one set from him in the singles. And as a true sportsman he is the end of the limit. We've got the Davis cup but we've lost the tennis championship of the world."

"Which would you rather have won?" he was asked. "Well, it's a very nice cup," he replied. "We have had it in our possession four times since Mr. Davis awarded it—but, well, I wish a could have beaten McLoughlin. To be known as the greatest tennis player in the world is a great honor."

Frank Chance continues to bring his Yankees along at a pleasing clip. The F. L. has whipped a real ball club into shape out of the odds and ends that were wished on him when he took over the reins of the New York American League club. Right now he has a fighting bunch of ball players, no particular stars, but a good machine that will last a long time.

The present infield—Mullen at first, Boone at second, Beckingbaugh at short and Maisel at third—is putting up a bang up game. Mullen's hitting is improving every day and on the fielding end of the game he is away above the average. "Daniel" Boone at second has clouted his way right into Chance's heart. This youngster is hitting them in the plinches, when they are needed and there is very little likelihood of his being placed as the keystone sack guardian.

MANY MILES TRAVEL BY GAME WARDEN

RIVERSIDE, Aug. 27.—J. H. Gyger, county fish and game warden, reported that he had traveled during the week and quarter of the year 3359 miles by auto and 318 miles on foot in pursuit of his duties. Two arrests were made and sentences suspended. The season has been exceptionally good for the propagation of small game, he reports, and the increase is noticeable.

FOUR AND A HALF RABBITS SECURED

Anaheim Gazette: A party of hunters composed of Joe Hessel, Phil Hermann, Ben Ter Best, H. C. Hartley, Clem Amberg, Romberg Jensen and Billy Herman, drove over to the canyon Sunday in search of rabbits. They brought back four and a half cotton-tails. The four were killed by Benny Ter Best, who learned to shoot in the German army, and the half was all that could be found of one that broke cover in front of Clem Amberg. Col. Hartley, who was left in charge of the auto, declares he was assaulted by four vicious rabbits while the party was absent with the arms and ammunition, and narrowly escaped serious injury.

"The Million Dollar Mystery" Princess today.

DEMAND FOR CARS MEANS PROSPERITY

Studebaker Plants Pushed to
Capacity and Far Behind
With Orders

That the disturbed condition of Europe is showing absolutely no effect on American conditions, so far as the demand for its automobiles is concerned, is obvious to anyone who visits the mammoth Detroit plants of the Studebaker Corporation, which are as busy and as far behind orders as at any time in their history.

Furthermore, Salesmanager Ollier confidently predicts that the present condition is bound to maintain indefinitely.

"In all Studebaker history we have never enjoyed so great an August business," declares Mr. Ollier. "Our dealers have been simply begging us for cars to supply their immediate demands. Hundreds of them have come to Detroit personally, with their salesmen, and have driven away cars, taking them directly to their homes, and thereby securing delivery to their customers without the delay of freight shipment."

"One morning of this week I found on my desk telegrams ordering immediate delivery of \$540,000 worth of Studebaker "Four" and "Six" cars. And this was only slightly larger than the regular demands which we receive daily."

"The dealers from whom these demands come, not only have buyers waiting for every car they can secure, but are anxious to lay in a stock of cars enough to enable them to take care of their fall business which, they predict, will be of a similar order."

"We are now building more than 150 cars a day and hope to increase

TYPE OF FRENCH WAR AUTOS NOW BEING USED FOR MOVING TROOPS

France probably is using the automobile for war to a far greater extent than any other nation. She is prepared to convey hundreds of thousands of men over the magnificent roads laid out by Napoleon I. Many of these autos contain rapid-fire guns for use on the field and they may be turned into a line of batteries.

this schedule materially. We know by experience that these dealers in the aggregate never fail to predict buying conditions. They are wise business men, close to their trade, and able to predict its certain trend.

"Of course, export business is at a standstill, so far as Europe is concerned. This is, in a way, a fortunate feature, as it enables us to concentrate on the local demand. Eventually, however, the war is certain to have a favorable effect on even our European market. It will eventually end any competition with European cars outside the countries in which they are made. The feeling will be so great

that no European manufacturer can hope to again invade outside territory.

"We are already planning to extend the scope of our export business as soon as conditions permit, knowing that this prejudice will have a broad and advantageous effect on our demand, especially for the "Six," which has this year outsold many of the European models in the countries in which the latter were made."

Horton-Hemstock Co. All kinds of pumping machinery and supplies.

Big Show—Princess, today.

FIRESTONE TIRES ON UNUSUAL VOYAGE

On August 14, the liner Nebraskan sailed through Golden Gate en route for New York via the Panama Canal. The notable feature of this voyage is that the Nebraskan is the first ship in the world's history to carry a cargo from San Francisco to New York without rounding the Horn.

She bears greetings from Mayor James Rolph, Jr., and the San Francisco Chamber of Commerce to Mayor J. T. Mitchell of New York and the commerce of the Atlantic coast. A miscellaneous cargo of California products rides in her hold.

The first shipment of automobile tires ever sent from San Francisco to New York by water is on board, bound from the San Francisco branch of the Firestone Tire & Rubber Company to the Akron factory via New York. The receiving department of the company will have something to talk about when these tires arrive.

The vessel left San Francisco amid the cheers and farewells of almost the entire San Francisco population who considered the event worthy of a holiday. The Nebraskan will no doubt be greeted by a similar demonstration when they arrive at their destination at New York City. The Panama Canal will eliminate over 7000 miles of travel.

OLIVER DIX SAYS

Shodgrass evidently inherits the instinct of conquest and should make a fine recruit for the European war. It is reported that his ability to use his fists dates from infancy and that his record covers many phases of school life.

Joe White from his performances lately is deserving of notice and with a little careful training may develop into championship material.

Ocampo under the careful guidance of Duffy has improved wonderfully and is in line to give any of the 125-pound boys a hustle.

The Willie Beecher-Joe Rivers go looks like a good one. Beecher has been at hard work and is in the pink of condition and should prove a worthy opponent for the shifty Rivers. Rivers has started his work but needs several days to put himself in first-class shape. Beecher from his appearance looks good for an even break and at least should be favored by respectable odds.

The football bug is fast developing and only a few days remain until the game will be on in full swing. U. S. C. has already started in on the fall practice, while Pomona, Occidental and several other of the Southern California schools are getting in readiness for the fall schedule.

The local high school under the careful guidance of Coach Hall should develop a remarkable and fast team. Although several of last year's stars will be absent, there is an abundance of new material to work up for the regular team.

The Moose baseball team, which will open up the fall season on Sunday, September 6, will start the ball rolling for the fall baseball season. Let us hope that it may be a successful one.

SQUIBBLETS

HOMER RUNNE

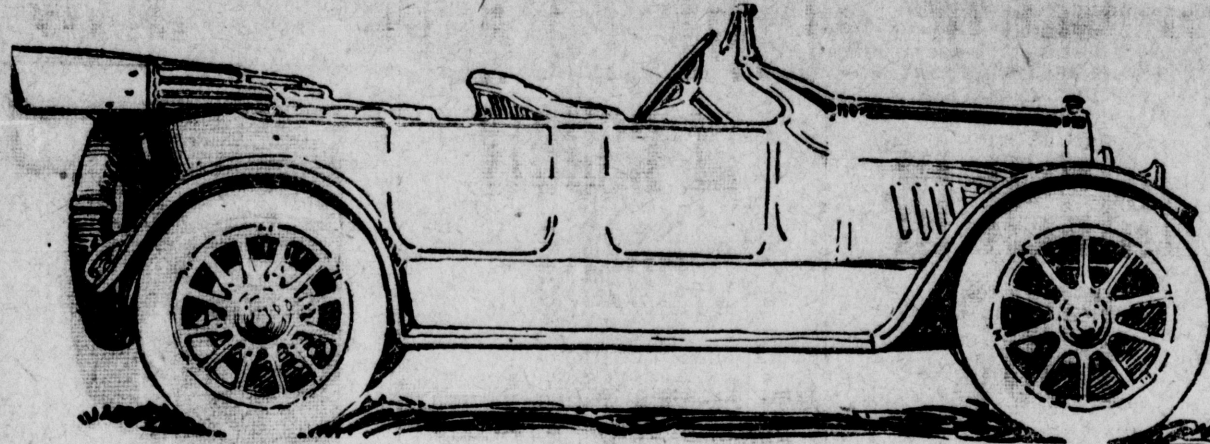

I maintain that if high school baseball is worth playing at all it is worth playing to win. But before we go any further I do not want these few words to be misconstrued. I am not criticizing anyone's methods, nor finding fault with the ways of any of the high school coaches. I am simply making these remarks in the hope that the quality of baseball handed out next season by the county schools will be a little better than that dispensed during the past two or three years. Also in the hope that Poly High will have a much more excellent chance at the county championship by the time the final battles are ready to be dishd up for the fans late next spring.

I say that championships are not

Garry Hermann Talks of the Famous Marsans Case

(FROM THE SEPTEMBER BASEBALL MAGAZINE)

Garry Hermann says in the September Baseball Magazine: "They accuse us of buying and selling men at the auction block! They say that we have made Organized Baseball into a condition of slavery, and regard a man only by what he can do for us—that we have ceased to view baseball as a sport, and look on it as a hopper, grinding ball players into mere articles of merchandise. They have painted the men behind Organized Baseball in deep black colors, and the time has come when, for the sake of the game, and in the interest of fair play and true sport, the real facts should be made known."

"It was in 1911 that my relations with Marsans began. I want to say at the outset that he is a good ball player, a very good ball player, in fact. Indeed, my statement of the steady increases in salary we have given him is alone sufficient to show the high value we attach to him. The situation which has now developed does not reflect in any way on Mr. Marsans' ability. And now to continue my story. "We bought Marsans from the New Britain club, and paid \$6,000 for his release, which included also the ser-

vice of player Almeida, another Cuban. Marsans was receiving \$150 a month from New Britain. We started him in June of 1911 at \$350 a month and increased this the next year to \$400, and last season to \$3,400 for the season of six months, or nearly six hundred dollars a month. Last winter we sent to him in Cuba an offer of \$3,800. He wrote back and asked for \$4,400 per season for a period of two seasons. I have the letter now with his own signature, setting forth his terms, and agreeing to play two years for this figure. In other words, we met his proposition without any argument, feeling that we were giving him a fair deal, and one which entitled us to fair treatment in return. You must bear in mind that a baseball contract is a business proposition, representing one of the principal assets of a club. It is absolutely essential to have such a contract clear and definite, and when, as in the case of Marsans, it was drawn according to his own suggestion, we felt justified in regarding it as final.

"This was the situation when a bombshell was exploded in the announcement that Marsans was nego-

SQUIBLET

By Homer Runne

(Continued from Page Ten.)

won after the season opens. They are being won even while football and track are still agitating the think-tanks of the high school athletes.

The real baseball general, the man who has made up his mind to win the championship, is he who begins months before the season starts to lay his plan of campaign. In the late fall and winter months, when everyone else has forgotten that there is such a thing as baseball, the real Napoleon of the diamond is snooping about quietly, sizing up his material, considering this man favorably and that man unfavorably.

The other day I said, "Poly High could win the county championship next season if the school made up its mind to it." The man to whom I was talking replied that the local high school did not have the material for a championship team for the coming season. Right there is where I commenced to argue.

I maintained that the ball playing material really existed. I said all that was required was for those at the head of the ball team to begin early enough to develop the season's stars. Certainly, if the men wait until a week or so before the opening of the season before they begin to work out on the diamond they will play punk ball all through the baseball year. But if they begin along about November or December to toss easy playing muscles to get their ball playing muscles to working as they should, their chances to develop a championship team are increased fifty per cent.

I really believe that if the players were approached in the right manner there would be no difficulty in instilling in them a sufficiency of school spirit to make them WANT to develop a winning team. As I said before, if high school ball is worth playing at all it is worth playing to win. And if the matter is handled in the right way there is no doubt in my mind but the men could be made to realize this.

I don't want to be understood as meaning that the hard work of playing should begin right off the bat. But I do mean that the boys should start in early to meet on the field for light practice. Two or three afternoons of a week would be ample. Pitching, fielding and batting could be wonderfully developed. Practice makes proficiency, proficiency creates confidence and confidence wins ball games.

It would not be long before the

boys would take a genuine interest in the game. As the days go on and the players realize the amazing skill which results from the constant work, work of hitting easy fly balls, grabbing up little grounders and all the rest of the baseball routine work they will become absolutely determined to carry off the rag at the end of the season. When the season opens the men will have "pep" and fight in them. They will tackle an opposing team somewhat in the manner of the Boston Braves. "The feature of this afternoon's game," says an account of the game the Braves played Tuesday afternoon with Chicago, "was the everlasting talk, talk, talk of the fighting Bostonians. From infield and outfield came the cry, 'Go get this bunch, they are easy.' The Braves believe that they are unbeatable; they think that way, talk that way, and what's more to the point, play that way." Stallings had his gang of Braves contending for first place in the National League long before the season opened.

Another thing that may help to prove the soundness of my argument is that the Trojans had their first practice on Boyer's field Tuesday afternoon, three weeks before the opening of U. S. C. Of course, three weeks is not a long time but if you consider that this is the height of vacation time and that it must have taken a great deal of self-sacrifice on the part of every man on the preliminary squad to tear himself away from the languors of beaches and mountain camps, you will realize the fight that is in the Trojan warriors. They will put up a tremendous scrap against every opposing team this season, mark me.

"Stay-at-Home" Sufferers of Hay Fever and Asthma—Get a Bottle of Foley's Honey and Tar Compound!

Restful sleep, relief and comfort from choking, gasping asthma and tormenting hay fever for those who take Foley's Honey and Tar. Buy a Long-Time Car

Reo the Fifth leads all cars in its class because it is built to stay new—to endure.

R. E. Olds spent 27 years studying how to better cars, and this is the final outcome. Time and skill and money have been lavished on this car.

Each hidden part—each detail—shows the ablest engineering.

The steels are made to formula. Each part is given vast over-capacity. Each must stand radical tests.

To insure against troubles and to give super-strength, we spend \$200 per car on extremes.

The beauty, the finish and equipment are as perfect as the chassis. The one-rod control is embodied here. You will find it in no other car.

Men who want the best will find it here—even in the smallest factors.

Small Upkeep

All this means small upkeep. It means freedom from trouble. It means years of perfect service.

That is what men want today. They are buying cars to keep. In the past few months we have

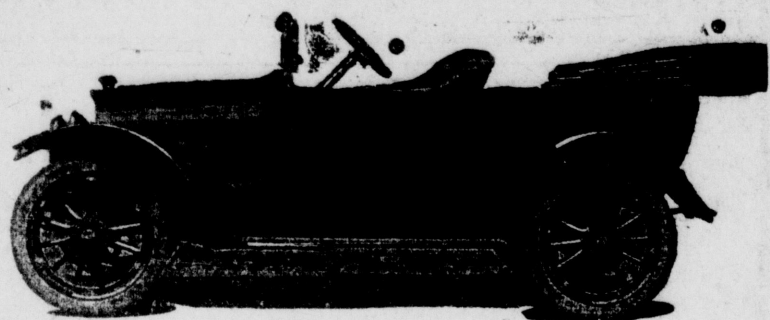

sold more than 10,000 of these cars, and men are buying them now faster than we can build them.

This car once cost, with full equipment, \$220 more than now. The present price shows the greatest value you will find in any car in this class.

See the latest model. Go through it part by part. Note the unusual features, the costly construction, the exactness, the luxury of it.

Cars built by lower standards will lose their attractions when you learn what these things mean.

Reo the Fifth \$1175 Equipped

Full Series
Streamline body
Electric starter
Electric lights
35 horsepower
Tires 34x4
Dimming searchlights
Also roadster
Price is F.O.B. Lansing

Equipment includes mohair top, side curtains and slip cover, clear vision ventilating windshield, speedometer, electric horn, extra rim, improved tire bracket, complete tool and tire outfit, foot and robe rail, etc.

WISDOM & CO.

424-426 WEST FOURTH ST.

BALL FANS WILL NEVER FORGET HANS WAGNER AND NAP LAJOIE

CLEVELAND, O., Aug. 27.—Ball players will come and go—thousands of them—and the world will forget most of them as quickly as their names cease to appear in the box scores, but the names of two players who are about to pass out of the sport

as active participants will live as long as the national pastime itself. The names of Napoleon Lajoie, famous Cleveland second baseman, and Hans Wagner, equally famous Pittsburgh short-stop, have been written in letters of fire on the walls of base-

ball's hall of fame. After nearly twenty years these Launcelots of the diamond are slowing up and soon must give way to younger men.

Napoleon Lajoie first gained fame on the lots of Woonsocket, R. I. His fielding and hitting ability excited the admiration of a scout of the Fall River, Mass., team who happened along one day. Lajoie signed a Fall River contract and proceeded immediately to make good. Billy Nash, Philadelphia National League manager, saw the young Frenchman perform one August day and purchased his release. He was assigned to first base and played the position amazingly well. His batting for the first year in fast company was .328.

Previously Lajoie had been a hack driver. In one year the Rhode Island hack-driver rose from obscurity to fame. Lajoie was shifted from first base to second, where his fielding was so spectacular that he soon became known as the king of second basemen. His graceful and apparently careless manner of fielding the ball caused him to be acknowledged the most finished fielder the game had ever known.

In 1901 Lajoie jumped from the Philadelphia Nationals to the Athletics and was transferred to Cleveland in 1902. He led the National League in batting in his last year with that organization with a mark of .422. He led the American League in his first year with .376. In 1904 he led the American League with .391, and the following year with .329.

Lajoie's coming to Cleveland with Bill Bernhard and Elmer Flick who had also jumped the National League, converted Cleveland from a dead baseball town into a live one. The Cleveland club was named the "Naps" after Lajoie and he became the idol of Cleveland fandom. Lajoie has batted over .300 in all but three of his nineteen seasons in the major league. He swatted .299 in 1907 and .289 in 1908. He probably will hit under .250 this season.

This great player's sudden slump is a baseball mystery. Few players ever lose their batting eyes as suddenly as has Lajoie. He can offer no explanation. "It's just one of the things that happen," he says. Lajoie's fielding is still brilliant, but he cannot cover as much territory as a few years ago. He has also slowed up on the bases.

However, Lajoie should worry. When he passes out of baseball he will not be required to resume his youthful occupation of hack driving. He is rich. He is worth no less than \$200,000. He has a valuable farm and a fine home in a Cleveland suburb. Lajoie will be 39 in September.

Hans Wagner of the Pirates has not slumped as badly in his hitting this year as Lajoie, but he has slowed up noticeably in all departments of the game.

This is Wagner's eighteenth year as a major league player. He made his debut with the Louisville club of the old National League a year after Lajoie joined the Phillies.

Wagner led the National League eight seasons. He averaged .340, including this season. Lajoie has averaged about .343 in his nineteen years of major league playing.

Both Pittsburgh and Cleveland are greatly affected by the slumps of these star players. It is significant that the Pirates and Naps both dropped to last place the first year that great stars showed signs of fading.

HUNTERS BRINGING IN DEER HEADS

Local Taxidermist a Big Aid to Those Wanting Trophies Mounted

Several more fine deer heads have been brought into town by Orange county nimrods. L. Wisser of Anaheim, shot a large buck in the Gleason mountains north of Los Angeles which will run W. E. Adkinson's now famous head a close second for beauty. Mr. Wisser reports a good supply of bucks in the Mount Gleason country, his party of three bringing out four bucks shot on a two-days' hunt.

The trophies, together with Adkinson's, are all being mounted by P. I. Osburn, the local taxidermist. Local sportsmen will be interested to know that they can now have their deer heads, wild cats, ducks, or fish, taken care of at home without the annoyance of shipping them to Los Angeles. Half the joy of the hunt is in the telling after it is all over, and the mounted specimen helps the story a lot.

P. I. Osburn is a former employee of the American Museum of Natural History of New York, and for some years Mr. Osburn owned and operated a taxidermy establishment in Pasadena. Three years ago the American Museum sent the U. S. S. Albatross, special service ship, into the southern seas in search of rare wild animals that were new to science. Knowing of Mr. Osburn's numerous hunting trips into the tropics and his familiarity with the various forms of animal life found there, they employed him to serve as field naturalist, taxidermist and interpreter for the expedition.

Before returning to the United States Osburn accomplished signal work in the scientific line. Unaided by assistants, he penetrated territory previously unknown to scientists, and after months of exploration in dangerous jungles returned home bringing with him specimens of priceless value to scientific museums.

He is thoroughly accomplished in all branches of taxidermy and able to serve his fellow sportsmen in every way. Specimens of his work are on display at several of the local sporting goods houses.

Infection and Insect Bites Dangerous
Mosquitoes, flies and other insects, which breed quickly in garbage, stables, ponds or stagnant water, barns, musty places, etc., are carriers of disease. Every time they bite you, they inject poison into your system from which some dread disease may result. Get a bottle of Sloan's Lintiment. It is antiseptic and a few drops will neutralize the infection caused by insect bites or rusty nails. Sloan's Lintiment disinfects cuts, bruises and sores. You cannot afford to be without it in your home. Money back if not satisfied. Only 25c at your Druggist.—Advertisement.

Horton-Hemstock Co. All kinds of pumping machinery and supplies.

Indian Victories

The Indian victories and achievements in long distance races and endurance runs for this year and the past twelve years proves that the other fellows are just as near to winning such contests as they were ten years ago.

Look at these '14 achievements:

- Baker's coast to coast record.
- The 862-mile Birmingham endurance and elimination run.
- The international 300-mile championship race at Dodge City.
- The F. A. M. 100-mile race.

There is a mighty good reason why the Indian is the only motorcycle that can do this—it isn't that others have not tried—the Indian is built for the work.

For Fords

GREAT DEMONSTRATION AT
THE FORD SALES AND SERVICE CO.

6th and Main Sts.

Saturday, Aug. 29

*That Wonderful New
Ford Starter!*

—Don't miss it! Every Ford should be equipped with one—The price, \$15.00—within the reach of everyone.

The starter is entirely concealed, setting between the fan belt and fan. Our method of applying the power to the crank shaft is unique and positive—no ratchets, no cogs, no slipping, no friction. As soon as you move the hand lever you connect with the crank shaft no matter where the engine happens to rest. Our power is applied directly to the crank shaft with the very minimum of friction—a 12-inch pull on the handle of this starter accomplishes the same work and turns the engine over quicker than can be done with the crank. All starters are warranted. The price is \$15.00.

Warranted to turn your engine over. Light, simple, positive in action. Completely concealed.

Does not disfigure your car in any way. Neither the crank or any other working part of your machine is interfered with.

Don't buy a starter until you see this one.
